CIP updates the Construction Health and Safety Manual

Construction Industry Publications has published the latest update to the Construction Health and Safety Manual. The Construction Health and Safety Manual provides accurate, current and comprehensive information on all health, safety and environmental issues throughout the construction process. The Manual is written by a panel of fourteen leading H&S professionals working hands-on in the construction industry, who give of their time and expertise voluntarily.

The latest update includes:-

- Updated information and references for Work Related Road Risk/CLOCS in Appendix 1
- An update to CSCS Card scheme and occupations covered by CSCS
- An update on the FFI Scheme and sentencing guidelines
- An updated Register of Legislation
- An amend in the Drugs and Alcohol section due to a change to the legal alcohol limits for driving in Scotland.
- The inclusion of information on Pedestrian Operated Compaction equipment in the Mobile Plant and Transport section.
- A general update to the Fire section.
- A revamped Work at Height section. The detailed Scaffolding information is now in an Appendix, and there is a new section on Low Level Access Equipment
- Various updates and reference updates to the Temporary Works section.
- The Roadworks section has been updated in line with the new Safety at Street Works and Road Works - 2013 from the Department of Transport that came in to force on the 1st October 2014
- A general update to the Refurbishment section.
- A general update to the Maintenance section.
- A general update to the Health and Safety in Offices section.
- Working on Railways - notification of the forthcoming changes to the Network Rail Safety Arrangements
- Environment - new information on the UKCG Responsible Stone Procurement Standard; new guidance on the use of Waste Transfer Notes, and waste segregation; ESOS; and SKA Ratings

"The Construction Health and Safety Manual has been written by Construction Industry Publications Ltd to help people working in the construction industry to make health and safety improvements in the construction industry. It is recognised that this guidance contains some advice that may go further than the minimum needed to comply with health and safety law." **HSE 2014**

Special Offer – 25% discount off the Health and Safety Manual throughout January.

Copies of the Manual are available from [Construction Industry Publications](#) . The hardcopy and CD-Rom cost £260 each and the six-monthly updates £58.50 each.

Notes to editors:

1. Construction Industry Publications are the Construction Publication Specialist, and as well as publishing several important Health & Safety and Environmental Manuals and legal contracts they are a mailorder bookseller.
