

Right Waste Right Place

Duty of Care in the construction sector

CLYDE & CO

The St Botolph Building, 138 Houndsditch, London, EC3A 7AR

Friday 12th October 2018

Chaired by Chris Morrison

Programme

Anyone who produces, treats, disposes, moves or arranges the movement of waste has a legal 'Duty of Care' to ensure that waste is managed properly.

Complying with the Duty of Care is vital to ensure your own company's compliance with the law, as well as to ensure that your waste is transferred to someone who will also manage and handle it correctly.

This free seminar will focus on the specific requirements of Duty of Care for the construction sector and will provide the views of the regulator, the waste producer and lawyers.

If you work in or are involved with the construction sector, this seminar will help you to understand your responsibilities and identify how you can comply with the requirement. A question and answer session will give you the opportunity to pose your questions to the experts.
